This year's theme, "Peaks of Innovation", promises to be an event you won't want to miss! Whether you are a seasoned professional or new to the Committee of Adjustment field, I encourage you to register for this year's conference.

DON'T FORGET

- Discounted hotel rate (see pages 8-9) ends **April 10**

On behalf of the Board of Directors, we are thrilled to return to the beautiful Blue Mountain Resort to host our conference from May 11th to 14th, 2025.

Please join us in kicking off the 2025 Conference at our welcome reception on Sunday, May 11, from 7:00–10:00 p.m. in the Atrium of the Village Conference Centre. We invite everyone to participate in this social and networking event, reconnect with friends and colleagues, and meet new delegates who share the triumphs and challenges of our Committees of Adjustment and Consent Authorities.

The OACA Board has an exciting conference program planned this year, featuring 19 workshops on topics such as enforceable conditions, streamlining approval processes, navigating difficult hearings, and much more! Back by popular demand, our mobile app is returning to make your conference experience a breeze! We are also introducing some new features to this year's conference, including a fabulous keynote speaker to start the day on Monday, and dedicated daytime networking sessions for Secretary-Treasurers and Committee members. By attending this conference, you will have the opportunity to connect with other Committee members and professionals, learn from leading experts, and gain valuable knowledge and skills to help you in your role.

We want to hear from you! If you have questions you would like answered during either of the "Ask an Expert" workshops, the "Navigating Section 53" workshop, or conditions you would like reviewed during the "Drafting Enforceable Conditions" workshop, please email them to contactus@oaca.info by April 25 so presenters can answer them during their workshops.

After the conference, the Board will be busy preparing for next year's conference in Ottawa. In lieu of hosting a Seminar in the Fall, virtual lunch and learn educational workshops will be provided. We hope this format will provide educational opportunities that are accessible for all members across the Province.

Finally, a very warm welcome to our first-time conference attendees!

Sincerely,

With housing targets still a primary focus in 2025, and an ever evolving political and policy landscape; where should municipalities focus to ensure proper planning and complete communities can be achieved? As the voice of the planning profession in Ontario, we will share some of OPPI's thinking around the opportunities and challenges you may face and potential paths forward to success.

We'll uncover how others have optimized their development processes (including a specific look at the Committee of Adjustment), so that you can bring this knowledge back to your community and bring some order back to the chaos.
